N515PE-18A\_20Jan Research Design

- 5 references - Lt Ed APA Home / My courses / N515PE-18A 20Jan / Module Two: Overview of the Research Process /

Identify a practice problem in your facility or practice. Research the problem. In 1-2 pages, discuss this problem, the evidence and how it impacts nursing care and/or patient outcomes. What are some potential solutions to this problem? Are there any evidence-based guidelines? You must include five current references.

## Assignment 1 Grading Rubric

30 points	20 points	10 points	0 points	Points Earned
Thoroughly discussed the problem and literature	Discussed the problem but.did not discuss current evidence	Identified the problem but did not discuss it or literature	Does not identify a problem. Or literature.  Content missing	/30
Thoroughly discussed how the problem impacts nursing care and/or patient outcomes.	Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.	Identified problem's impact on nursing care and/or patient outcomes but did not discuss.	Does not identify or discuss problem's impact on nursing care and/or patient outcomes.	/30
Thoroughly discussed potential solutions to the problem and any available evidence-based guidelines.	Discussed potential solutions to the problem but needs more clarity or detail.	Identified but did not discuss potential solutions to the problem.	Does not identify or discuss potential solutions to the problem.	/30
5 points	4 points	2 points	0 points -	Points Earned
There are no errors in grammar, spelling, and punctuation	There are a few minor errors in grammar, spelling, and punctuation that do not detract from the meaning	There are major errors in grammar, spelling, and punctuation that do not reflect scholarly writing	N/A	/5
The paper meets APA format guidelines	There are minor APA format errors.  No more than 2 APA errors.	There are significant errors in format.  More than 2 APA errors.	N/A	/5
	Thoroughly discussed the problem and literature  Thoroughly discussed how the problem impacts nursing care and/or patient outcomes.  Thoroughly discussed potential solutions to the problem and any available evidence-based guidelines.  5 points  There are no errors in grammar, spelling, and punctuation	Thoroughly discussed the problem and literature  Discussed the problem but did not discuss current evidence  Thoroughly discussed how the problem impacts nursing care and/or patient outcomes.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  Thoroughly discussed potential solutions to the problem and any available evidence-based guidelines.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  There are no errors in grammar, spelling, and punctuation  There are a few minor errors in grammar, spelling, and punctuation that do not detract from the meaning  There are minor APA format errors.	Thoroughly discussed the problem but did not discuss it or literature  Thoroughly discussed how the problem impacts nursing care and/or patient outcomes.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  Thoroughly discussed potential solutions to the problem and any available evidence-based guidelines.  Discussed how the problem impact impacts nursing care and/or patient outcomes but needs more clarity or detail.  Discussed potential solutions to discuss.  Discussed potential solutions to the problem but needs more clarity or detail.  Discussed potential solutions to the problem but needs more clarity or detail.  Discussed potential solutions to the problem but needs more clarity or detail.  There are no errors in grammar, spelling, and punctuation that do not detract from the meaning  There are major errors in grammar, spelling, and punctuation that do not detract from the meaning  There are significant errors in format.	Thoroughly discussed the problem but did not discuss current evidence  Discussed the problem but did not discuss it or literature  Discussed how the problem impacts nursing care and/or patient outcomes.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  Thoroughly discussed potential solutions to the problem and any available evidence-based guidelines.  Discussed how the problem impacts nursing care and/or patient outcomes but needs more clarity or detail.  Does not identify or discuss impact on nursing care and/or patient outcomes but did not discuss.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes.  Identified but did not discuss problem's impact on nursing care and/or patient outcomes.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes.  Identified problem's impact on nursing care and/or patient outcomes but did not discuss.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes but did not discuss potential solutions to the problem.  Does not identify or discuss problem's impact on nursing care and/or patient outcomes but did not discuss potential solutions to the problem.  Does not identify or discussed potential solutions to the problem.  There are no errors in grammar, spelling, and punctuation that do not quartation that do not detract from the meaning  There are a few minor errors in grammar, spelling, and punctuation that do not reflect scholarly writing  There are significant errors in format.
